From the director

Welcome to Azurlingua School

When we started Azurlingua in 1990 we had a very precise idea of what we were aiming to: become one of the best schools for French as a foreign language in France. Over the years we have worked on our product: as we are close to our students and clients, it has been natural for us to meet their expectations.

This is why we decided to create the first and unique free magazine for French learning online, «Bonjour de France», with more than 10 million visitors a year and 1,5 million of fans. Wishing to be closer to our customers' expectations, we are ready to offer you French lessons online, in addition to your stay or alone. At Azurlingua our clients find the best conditions to learn and improve their French.

We also have the advantage of being located

in a beautiful part of France: Nice, on the French Riviera, where you can also enjoy the other neighboring dream towns, like Cannes, Monaco and St Tropez... Our clients want to take advantage of their stay, without worrying about anything or having any nasty surprises; this is why we're the only school providing its own facilities for accommodation, transfers and excursions.

We are proud of being awarded the "Qualité label FLE", delivered by the French government, and even more proud of having the maximum rating: this allows our customers to be sure of the quality of our products and our staff. We always do our best to satisfy all our students: you will not forget your stay at Azurlingua.

See you soon, Jean-Luc Librati

Accommodation for juniors

Our kids stay in modern residences which are completely secure

After a busy school year, our young students will enjoy their holidays while learning English in the best conditions.

The residence

Contemporary comfort and safety for our kids

We choose to house our youngest students in a completely secure residence that has all the necessary comfort. The children have renovated rooms, common rooms to socialise, a cafeteria and spaces dedicated to sport. Our young students don't need to make any journeys. They are supervised by our team during every moment of their stay.

Every week, our team offers junior students a varied programme of activities, supervised by instructors with a perfect command of the English language.

Junior activities

Each week, our animation team designs a programme tailored to our students

From Monday to Friday and Sunday from 2.30 pm to 6.00 pm, there are a wide range of activities for your children. These activities are always supervised by instructors who are fluent in the language.

- Cultural activities: visits to towns and villages, museums, screenings, and shows.
- Sports activities: tournaments and sports 'competitions', dance, canyoning, diving, climbing.

For those who want to, we also offer weeks of specific training courses focusing on certain sports disciplines (see page 40 sports academy)

Saturday is a day dedicated to discovering the culture and heritage of the region with a day trip. Every evening, after dinner, fun evenings are also offered.
